

Dear Students and Parents,

K2 Coding is a non-profit launched by six local college seniors. Our goal is to get middle school students excited about computer programming, while connecting them to meaningful relationships with college students who are passionate about working with youth and education.

<http://k2coding.org>

We use an engaging, high-quality curriculum developed by Google CS First and Khan Academy. The curriculum is geared toward beginners, but we welcome students of all ability levels. We are launching our second program this summer. The program is a five-week class at the Salem Academy Charter School, from 2pm-4pm on Fridays. The program will run from July 10th to August 7th. We will teach video game design using Scratch, an online tool that allows kids to code animations, stories, games, and videos. We invite your child to join us!

The total cost for the program is \$100. Please enclose a check written to K2 Coding Inc. To reserve your spot or receive more information, please contact Peter Story at Peter.Garth.Story@gmail.com, call (978)-810-5506, or sign up at K2Coding.org

I give my child _____ (child's name), permission to participate in the K2 Coding summer program at the Salem Academy Charter School, July 10th-August 7th. I give my child permission to use the web-based Google CS First and Khan Academy curriculums to create projects and understand he/she must follow all directions for responsible computer usage. I have included the \$100 payment along with this permission slip. I understand that this program is run by K2 Coding, not Salem Academy Charter School. Salem Academy Charter School is not responsible for the care of my child. K2 Coding will have 2 or more staff on location at all times to supervise and teach the students. Any questions about these policies should be directed to K2 Coding staff.

Medical care will not be available at Salem Academy Charter School during this summer program. Should a medical emergency arise, I give K2 Coding authorization to contact emergency medical services and myself when necessary.

Allergies? Please List.

Other medical needs?
